

1 Architecture of the Application

```
void LoadSchemeFunctions(IContentProvider
    contentProvider)
{
    var stream =
        contentProvider.GetStream("/graphmath.rkt");
    using (var sr = new StreamReader(stream))
    {
        sr.ReadToEnd().Eval();
    }
}
```

2 Functionality of the Application

3 Testing Strategy
